

This is the quarterly provider newsletter of the West Sussex Connect to Support website giving you all the updates on new developments and statistics for the last three months.

Companies that provide care and support products and services can create a store for free in the on-line marketplace. Charities, voluntary sector organisations and community groups can promote their services and activities in the directory of local groups and activities.

12 new stores!

1755 products

367 services

Get Involved

We are planning to improve the provider area of the website to offer more of the information you want. If you'd like to have input into the design and content, email info@shop4support.com

Promotions Update

October 2015 is West Sussex Care Month and we'll be promoting West Sussex Connect to Support in a series of interviews on Spirit FM as well as in press releases and social media. Look out for West Sussex Connect to Support promotional bags at your local pharmacy from November.

Latest Site Update

The information and advice pages have been updated to a new easier-to-use format and the website now has an improved search function and results filters.

Why not take a look and tell us what you think?
