

Meg's Eggs

Meg, Meg made a spell,
Meg's spell didn't go well,
Meg, Meg hatched some eggs,
What do you think was in them?

Was it some chicks? (Tweet, tweet)

No!

Some slithering snakes? (Sssssssssssssss!)

No!

Some fluffy ducklings? (Quack, quack)

No!

(Add your own animals which might hatch from an egg...)

It was 3, hungry..... dinosaurs! **ROAR!!**

Meg, Meg made a spell,
Meg's spell went so well,
This time the dinosaurs shrank,
We've got Meg to thank!

Sing the song to the tune of 'Lou, Lou skip to my Lou'
(you can find it on You Tube if you're not sure of the song)

The middle section is spoken

Which animals lay eggs? Enjoy making different animal noises together .

Find items around the house to make tapping noises. Pretend to tap the egg quietly then get louder and louder. Tap a rhythm for your little one to copy.

Choose different items to tap and listen to the different sounds they make.

(Then perhaps have a lie down in a dark room...)
