Box of Tricks
Fun things to do!

Group 4

Wouldn't it be great to do magic like Eva in this book the 'Box of Tricks'? Eva is able to magic various animals to her party including a cheetah, panda and alligator but what happens at the end of the party?

Dancing Any type of movement is great for your body and mind - helping to keep both healthy. The animals in the book love to dance. How do you think a bear, cheetah and alligator would dance? What sort of

Illustrations The pictures in books can be fascinating. In this story they start off monochrome (black and white) and then gradually become more colourful. Encourage your child to draw with pencils and coloured crayons as they produce a different effect. You can also use chalks and charcoal.

Shapes Most boxes are either cubes or cuboids. Talk about the number of sides, corners and edges as well as the shape of the sides. Can you find any different shaped boxes such as cylinders or triangular prisms?
