

## Participation and Coproduction Evidence Log

This document is for collecting information about participation activity in Hull.

It is to evidence partnership working between young people, parents/carers, the local authority and clinical commissioning group. Evidence will be shared via the local offer, governance boards and maybe used for the joint local area inspection.

**Summary of work.** Please give a short overview of the work completed. This is the important information that lets others know what happened.

Contact details of lead person/s

Name

Email

Phone

What will you work together on?

What will you ask? And when in the process?

Who will see the information and what will they do with it?

Once complete send to .....

You will receive confirmation of receipt – further information may be requested  
Please ensure outcomes and impact are fed back to young people and parent/carers

People involved (numbers, where they were from, age range, additional needs etc.)
